

Sheet 6 Today

This image is © Durham County Council

The picture above shows part of a town in County Durham. You can see the edge of a housing estate, as well as nearby woods and fields. There is a farm on the right of the picture. Tarmac covered roads are visible, as are vehicles using them.

What are the items in the picture made of? Where might that have come from and what effect would getting them have had on the area?

What would the people who live here eat? How would they have got it and what effect would that have had on the area?

How would the people that lived here travel? And what effects would that have on the area?
