

A19/A182 Jade Junction visualisation of completed scheme transcript

Animated interpretation of the proposed final layout of the A19 / A182 highway improvement works.

[Text: New A19/A182 Footbridge]

[Animation: A birds eye view of the of the reconfigured junction, panning over the highway bridge and eastern signalised junction before panning in a westbound direction following pedestrians and cyclists across the proposed cycling / footbridge. The footage then pans over the western signalised junction.

[Graphics: Four logos against a white background including: AECOM; TAZIKER Infrastructure, Access, Engineering, Industrial; bam nuttall and Durham County Council
