I chose to work in Facilities services because I think it's that perfect balance of being able to help people in my job and also do really hands on practical work which is something I really enjoy.

I am Yasmine Idrisi, I'm 22 and I'm doing an apprenticeship in Facilities services with Durham County Council. It's a two year apprenticeship and I'm a year, through it so far, it's been a really good experience and I have enjoyed every minute of working here.

I actually got this apprenticeship through Durham Works, which is a programme in the council that helps young people aged 16 to 24 I think, to find careers with the council and engaging with Durham works I really saw what the what Durham council's workplace culture was like and what the people were like that work there and so when this apprenticeship came up to do facility services I thought that would be a really good employer to go for and I'm happy I went with it.
